

# ASED

AUTOLOGOUS SERUM EYE DROPS

## What are (ASED) **AUTOLOGOUS SERUM EYE DROPS?**

By using a patient's own blood serum, this custom solution serves to **substitute healthy tears** and **prevent long term eye damage.**

## How are **ASED** made?

Blood collection and serum processing are performed **on-site** in a **controlled environment.**

## How to order **ASED**:

Contact us by  
emailing  
**ased@sdeb.org**  
or calling  
**(858) 694-0400.**

## SAN DIEGO EYE BANK

3870 Murphy Canyon Rd. Unit 250  
San Diego, CA 92123

### What are **ASED** costs?

**All-inclusive** (blood draw, centrifuge, aseptic preparation, and delivery) cost to the patient is **\$225** for a **1-month** supply (4 vials), or **\$390** for a **3-month** supply (12 vials).

### Who is the **SAN DIEGO EYE BANK**?

Established in 1960, the San Diego Eye Bank® is the largest eye bank in California dedicated to serving our eye care community and their patients. SDEB is committed to the highest quality and safety standards and is proud to foster constant innovation in the science of sight.
